

## CLERK OF A BANK HAS DISAPPEARED FROM BRIGHAM

Brigham City, May 6.—Joseph T. Young, an employee of the Security Savings bank of this city, left his home in Perry Saturday evening at a late hour and up to this time his whereabouts are unknown to all concerned. It is said that another young man, by the name of Grant Holton, also of Perry, disappeared at the same time, but it is presumed that he went to Oregon and that Young accompanied him.

Young left no word with his employer, James E. Halverson, cashier of the local bank, and Mr. Halverson had difficulty in learning that he had really left the country. He was the only regular employee of the newly organized bank, and upon examination of his accounts the officials stated today that the books kept by Young were in perfect balance, and that not a cent of shortage was discovered. This deepens the mystery of Young's disappearance. The bank official withheld the information until today in order to make a thorough check up of his accounts and to consult the parents of Young, who are Mr. and Mrs. James Young of Perry, a suburb located on the interurban road.

Young attended the dance in the Academy of Music Saturday night as usual, accompanied by a Miss Dunn of Perry. The couple returned to their home after the dance on the last outgoing car, and, according to Miss Dunn, she knew nothing of his intentions, and supposed he went to his home after leaving her. Young's parents assert that he did not come home at all and it is presumed the young man returned to Brigham on the last northbound car and made connections with the Oregon Short line for the north. The families of the two boys are greatly worried over their sudden departure.

Both boys are under 20 years of age.

## SWEET MARIE IS SENT TO PRISON

New York, May 6.—"Sweet Marie" Ganz, the "Joan of Arc" of the New York I. W. W., who visited the office of John D. Rockefeller, Jr., at No. 26 Broadway and left word that unless he consented to arbitrate and "stop the murder in the Colorado strike zone" she would "shoot him down like a dog," and who repeatedly

threatened him with bodily harm, was sentenced today to serve sixty days in the workhouse on Blackwell's island. She was charged with disorderly conduct.

"I believe the defendant is the tool of older persons with vicious tendencies," Magistrate Murphy said in pronouncing sentence. "She has tried to be a heroine. Were she a leader I would sentence her to six months in the workhouse as the extreme penalty."

Miss Ganz's attorney said he would appeal.

## What Thin Folks Should Do To Gain Weight

Physician's Advice For Thin, Undeveloped Men and Women

Thousands of people suffer from excessive thinness, weak nerves and feeble stomachs who, having tried advertised flesh-makers, food-fads, physical culture stunts and rub-on creams, resign themselves to life-long skinniness and think nothing will make them fat. Yet their case is not hopeless. A recently discovered regenerative force makes fat grow after years of thinness, and is also unequalled for repairing the waste of sickness or faulty digestion and for strengthening the nerves. This remarkable discovery is called Sargol. Six strength-giving, fat-producing elements of acknowledged merit have been combined in this peerless preparation, which is endorsed by eminent physicians and used by prominent people everywhere. It is absolutely harmless, inexpensive and efficient.

A month's systematic use of Sargol should produce flesh and strength by correcting faults of digestion and by supplying highly concentrated fats to the blood. Increased nourishment is obtained from the food eaten, and the additional fats that thin people need are provided. At R. McIntyre Drug Store and leading druggists supply Sargol and say there is a large demand for it.

While this new preparation has given splendid results as a nerve-tonic and vitalizer, it should not be used by nervous people unless they wish to gain at least ten pounds of flesh.—Advertisement.

## BINGHAM HAS A FATAL SHOOTING

Bingham, May 7.—In a scuffle following an attempt to escape after he had been arrested by Deputy Sheriff Julius Sorenson shortly after 1:30 o'clock this morning Bude Korach, an Austrian, was accidentally shot above the right eye, the bullet penetrating the brain. The gun with which he was shot was in the hands of Ford Driggs, a special deputy sheriff, who had clutched the weapon and was trying to subdue Korach, following his escape from Sorenson. Korach is fatally wounded, according to physicians who attended him.

Immediately following the shooting of Korach a number of Austrians surrounded Sorenson, took his gun away from him and tried to carry and drag him from the Highland Boy vicinity, where the shooting occurred. In the general fight that followed Sorenson was painfully though not seriously stabbed in the back above the right kidney. He also suffered numerous minor cuts and scratches about the head and arms. He escaped from his assailants only after he had knocked several of them unconscious with his fists.

**Shots Were Fired.**

The trouble which ended in the shooting of Korach began shortly after midnight near the Highland Boy mine. A number of shots were fired. These were heard by Sorenson, who was on the way to the scene deputized Driggs, the night watchman at the Highland Boy store and a former member of the Salt Lake City police force.

Driggs and Sorenson arrested Korach and took him to a cabin. The man was unruly and surly and Sorenson was about to place handcuffs on him, preparatory to searching him for a weapon, when the man lunged and eluding the grasp of the deputies started out of the door. Driggs ran after him, caught him and with the aid of his revolver struck the Austrian on the head. The latter drew a revolver and was about to point it at his pursuer when the latter struck a second time.

In some manner the gun was discharged, the bullet entering Korach's head above the right eye and piercing the brain.

The noise of the first shooting had attracted nearly a hundred men who started to the scene and arrived just after Korach was injured. Among them were nearly a score of Austrians, who started an argument among themselves, shouting curses at the officers because of the shooting of their countryman.

Sorenson tried to quell the disturbance and he was seized from behind, his gun snatched from his hand and he himself dragged into the brush. It was in the ensuing fight that Sorenson was stabbed.

Sorenson was at once taken to his room at Highland Boy and his injuries dressed. A physician was summoned to attend Korach and after temporary examination the man was

## BABY IS DROWNED IN THE JORDAN NEAR SALT LAKE

Salt Lake, May 7.—"Mamma, we must buy a paper in the morning to find out whose baby it was that was drowned. They just took it up town in the police automobile."

Such was the remark of Florence Nelson, 6 years of age, to her mother, Mrs. E. C. Nelson, of No. 5 River street yesterday afternoon. Her heart constricted by fear, Mrs. Nelson began looking for her own little girl, Adell, two and one-half years of age. Shortly her worst fears were verified. But a few minutes before the child had been playing about the house, rubbing her rosy face with a powder puff, "to make me look beautiful," she explained.

Going out the back way the child had traversed the length of the yard and fallen in the river, the bank of which is at the rear end of the lot. In the meantime the mother was all unconscious that the child had left the house.

The body was discovered and recovered by two boys and word of the finding of it was telephoned to the police by Jack Cleveland of Jack Cleve of 1004 West Eighth South street. It was taken to the emergency hospital at police headquarters in the police ambulance by Chauffeur O. C. Brown and Patrolmen Willie and Conners. Dr. H. B. Sprague was in waiting and did everything possible to resuscitate the child, but without avail.

The family had planned to move to another house today, much to the relief of Mrs. Nelson, who had long dreaded the danger of the river. The child is a niece of Detective C. C. Carstensen of the police department.

## For Sallow, Wrinkled, Freckled, Pimpled Skin

If you have any cutaneous blemish, don't use paint, powder or anything else to cover it up. Too often this only emphasizes the defect. Besides, it's much easier to remove the disfigurement with ordinary mercurized wax. Applied nightly, the wax will gradually remove freckles, pimples, blackheads, moth-patches, sallowness, red or yellow blotches, or any surface eruptions. The effective cuticle is absorbed, a little each day, until the clear, soft, youthful and beautiful skin beneath is brought wholly to view. Ask the druggist for an ounce of mercurized wax and use this like you use cold cream. Remove in morning with soap and water. Many who have tried this simple and harmless treatment report astonishing results.

If bothered with wrinkles or crow's feet, a wash lotion by dissolving an ounce of powdered salicylic in a half pint witch hazel will prove remarkably effective.—Advertisement.

## WHISKY IS SEIZED.

Provo, Utah, May 6.—As the Provo band dance excursion train pulled out for Payson last evening Zach and Ralph Lawhorn were intercepted by

Deputy Sheriff C. H. Clark as they were getting on the train. Zach had a suit case containing thirty pint bottles of whisky which it is said the Lawhorns intended to sell on the train. The whisky was turned over to Chief of Police W. F. Giles and will probably be confiscated. What action will be taken against Zach Lawhorn is not known.

## REHEARSAL OF THE WEDDING

Washington, May 6.—The rehearsal of the wedding of Miss Eleanor Wilson and William Gibbs McAdoo was held in the White House after dinner tonight. The rehearsal was planned to hold the rehearsal in the afternoon, but the delay in the arrival of Mrs. Francis Bowes Sayre, who is to be her sister's matron of honor, caused the postponement.

The party rehearsed the wedding march from the octagon room upstairs down the main staircase and through the corridors to the dais and preceded in the blue room three times. Little Sallie McAdoo and Nancy Lane, diminutive flower girls, were delighted over the honor of marching in the procession, and the gift from the bride-elect today of gold locket and chains engraved with her monogram and the date of the wedding.

The White House marriage license was taken out after the regular hours today, the license clerk having been warned in advance to await for the arrival of I. H. Hoover, who is a sort of master of ceremonies at the White House. The license states that Miss Eleanor Randolph Wilson is 24 years old, white and never married before, that Mr. McAdoo is 50 years old, white and married once before, his wife deceased. Both were registered as residents of the District of Columbia.

The Rev. Sylvester Beach is the minister named to perform the ceremony. It was not necessary to get a special permit for Mr. Beach from the chief justice of the district to perform the ceremony, as a non-resident pastor. The permit granted him at the time of the Wilson-Sayre nuptials is regarded still in force.

Her last day as Miss Eleanor Wilson was passed by the bride of tomorrow in answering notes, acknowledging gifts, packing up her "old clothes" to be sent to poor persons and playing a game of tennis with Mr. McAdoo on the White House court. Miss Wilson lunched with her house guests and parents.

Since the engagement Mr. McAdoo has showered his fiancée with many costly gifts. He added to them during the last two days a diamond-studded watch bracelet, a pearl and sapphire pendant and an opal and diamond lavalliere. At the trying-on of the wedding gown it was noticed that Miss Wilson needed a brooch of some kind to pin at the end of the low-necked bodice. This was immediately supplied by Mr. McAdoo in a round pin of opals and diamonds. Two other such pins have been presented to Miss Wilson from the children of Secretary McAdoo.

In addition to Vice President and Mrs. Marshall the cabinet members and their daughters and a bevy of young girl friends of Miss Wilson have been added to the guest list. A number of Miss Wilson's friends outside the official circle received telephone calls from Miss Wilson asking them to "come over to the wedding tomorrow." This will swell the number of guests from fifty to between seventy-five and one hundred.

The guests who have already arrived at the White House are Mr. and Mrs. John A. Wilson, Mr. and Mrs. Francis B. Sayre, Miss Helen Hunter of Portsmouth, Va., Miss Henrietta Sadleir of Wilmington, Del., Miss Elizabeth Duffield and Miss Susan Fine of Princeton, N. J., Mrs. Charles Kellogg of Athens, Pa., and Miss Marjorie Brown, Miss Wilson's cousin, of Atlanta, Ga.

A platinum bracelet studded with precious stones and inclosed in a silver box, the gift of the senate, was forwarded to Miss Wilson today by Senator Martin of New Jersey, chairman of the senate gift committee. A note of congratulations accompanied it.

Los Angeles, Cal., May 6.—While attempting to board a Santa Fe freight train this evening Hyrum Johnson, son of one of the professors, at the Brigham Young college at Logan, Utah, fell from the train and his left hand was severed just above the wrist. He said this evening, after he had come out of the anesthetic at the receiving hospital, where he was taken after the accident, that being short of money and wishing to leave Los Angeles he had gone to the Santa Fe yards. As he started to board the moving train his foot slipped and he fell beneath the car. Before he could draw away his hand the wheel ran over it.
